

1. Epiphanies

Estilo: Pop-R&B com batida sarcástica e vocais suaves.

(Verse 1)

You're so well-spoken, baby, it's almost a fetish
Crashing the relationship then abandoning the wreckage
You sent me texts that felt like highbrow manipulation
But "loving everyone" is just your favorite quotation
I stayed in while the girls went out to take shots
Thinking it's happy hour, but for me, it's definitely not

(Pre-Chorus)

You're good at the falling, but never the staying there
Good at impersonating someone who actually cares
I let your confusion keep me up all night
But now I'm turning off the lights

(Chorus)

So put your loving where your mouth is
Your sugar talking isn't working for me tonight
I'm done looking for signs in the gaps and the silence
There's nothing left to decode in this mental violence
Don't smile because it happened, baby, cry because it's over
You're supposed to think about me every time you hold her

(Verse 2)

You filled my whole apartment with flowers that died
The first to open your wallet, the last to have pride
Saying that you miss me—boy, do you win a prize?
Having these epiphanies, big words for a real small mind
I re-read every single undertone one last time
Before I get your sorry ass out of mine

(Bridge)

I hope you get agoraphobia some day
Watch the sunny days from your windowpane, far away
Wish you a lifetime of happiness, I really do
And a forever of never getting laid—it suits you
Go jack off to Leonard Cohen and your own point of view

(Outro)

(Ooh-ooh, ooh-ooh-ooh)
There's nothing left here to decode
It's your seventh last chance, honey
(I want you to miss me, I want you to miss me)
But baby, you're just dumb and poetic
