

5. Architect of the Wreckage

Estilo: Pop-R&B com um toque de R&B leve e uma produção sofisticada, misturando ironia e autoconsciência.

(Verse 1)

I've never seen an ugly truth that
I can't bend Into something that looks like a "happily ever after" again
I'm so clever at making a shit show look like forever
Stitching red flags together like they're lightweight leather
I'm good at the falling, but I'm terrified of the stay
So I find a million reasons to get in my own way

(Pre-Chorus)

Re-reading every single undertone until my eyes bleed
Manifesting problems that I definitely don't need
I let my own confusion keep me up throughout the night
Turning off the peace just to keep on the fight

(Chorus)

I don't have to lie to girls, I'm the one lying to me
I'm the architect of the wreckage, as far as I can see
I mistake these butterflies for cardiac arrest
Then I wonder why my heart is feeling heavy in my chest
Don't smile because it's healthy, baby, cry because it's messy
I'm addicted to the version of us that's always second-guessing

(Verse 2)

My friends are taking shots while
I'm pourin' feelings in the mic
Staying in my head instead of doing what I like
I pick up the phone when I know I should let it ring
Falling back into the same old, tired, toxic thing
It's verbatim what I promised myself I wouldn't do
But I'm dumb and poetic when it comes to someone like you

(Bridge)

Maybe it's all in my head, a self-help book I never read
Just a bunch of big words for the things I should've said
I crash the car and then I sit and admire the view
Waiting for a "changed man" that I know isn't true
I'm just like my mother, giving you your seventh last chance
In this fucked-up romantic dark comedy dance

(Outro)

(Ooh-ooh, ooh-ooh-ooh)
There's nothing left to decode, but I'll find a way
To sabotage the sun just so I can have a rainy day
(I want you to miss me, I want you to miss me)
But mostly, I'm just missing the me that wasn't this empty
Yeah, a little fade out... into the same mistake.
